

ThinkFree Mobile for netbooks is released. This Microsoft Office-compatible suite is designed for low resolution, 1024 x 600 pixel displays.

According to ThinkFree this suite is designed to help you manage & sync all your documents easily. You can upload documents to your netbook & share them with your laptop, mobile internet device, or desktop PC.

System requirements:

Hardware

- CPU: x86, ARMv6, ARMv7
- RAM: 256MB or higher
- Disk footprint: 50MB

- Display: Flexible screen resolution support for 7" ~ 10" device

Software

- x86: Windows XP/Vista, Linux kernel 2.6.17 or higher, Mac OS X*

- ARM: Linux kernel 2.6.17 or higher

- Java: J2SE 1.6u10 or higher

*Mac OS X runs on Intel or PowerPC based Macs. It requires 10.5 or higher.

The software is [available](#) for \$39.95, but for a limited time you can buy it for \$24.95 by using the coupon code THINKFREE during checkout. With this code you will also get an extra 1GB of online storage space (total 2GB).
